

GROW YOUR CAREER.

LIVE THE LIFESTYLE.

An innovative, growing organization with three progressive community hospitals, Halton Healthcare provides quality health services to more than 275,000 Halton residents. We are actively planning for a new hospital in Oakville which is scheduled to open in 2015.

Hospitalists

We require both full-time and part-time Hospitalists at our Oakville site, as of February 2010. This exciting opportunity is available to both Family Practice Physicians as well as Internists with an interest in hospitalist work. Our Hospitalists provide care to unaffiliated patients in our medical and surgical, psychiatry (history and physical, only), CCC and rehabilitation beds. Working with a team of 10 dedicated Hospitalists, you'll be part of a strong, collaborative Hospitalist team, surrounded by approachable specialists and access to advanced diagnostic services, including PACS and MRI technology. It is an ideal environment for individuals looking for diversity and unique challenges in a community hospital setting. All qualified physicians are invited to participate in the selection process. Successful candidates must have a licence to practise in Ontario.

Inquiries and curriculum vitae submissions should be directed, as appropriate, to the attention of: **Dr. Gillian Brakel, MD, Interim Hospitalist Medical Director, Oakville Site, Halton Healthcare Services, 327 Reynolds Street, Oakville, ON L6J 3L7. Fax: 905-338-4146. E-mail: mkahng@haltonhealthcare.on.ca.** You may also submit your CV online.

We thank all applicants for their submissions, however, only candidates felt most appropriate for the position will be selected for interviews.
