

GROW YOUR CAREER *Live the lifestyle*

Halton Healthcare Services is a dynamic, innovative organization with three progressive community hospitals, located just outside of Toronto, in Georgetown, Milton and Oakville respectively. As we continue to provide quality health services to our rapidly growing community of more than 275,000 Halton residents, plans are underway to relocate and expand our Oakville site, and a proposal has been made to expand our Milton site. We are proud to have been recognized by the OHA with a Healthy Hospital Innovator award.

Emergency Physicians

We require **full- and part-time** Emergency Physicians to join the Department of Emergency at our **Milton** site. The ER sees over 30,000 visits annually, with full specialist backup support and diagnostic technologies, including CT and PACs. It has an AFA in place, with over 24 physicians participating. This would be an ideal environment for an Emergency Physician with 2 to 3 years of experience working in an Emergency Department.

All qualified physicians are invited to participate in the selection process. Successful candidates must have a licence to practise in Ontario. Certification as a CCFP(EM) would be an asset.

Inquiries and curriculum vitae submissions should be directed to the attention of: **Tony Chan, MD, Medical Director, Department of Emergency, Milton District Hospital Site, Halton Healthcare Services, 327 Reynolds Street, Oakville, ON L6J 3L7.**
Fax: 905-338-4146. E-mail: mkahng@haltonhealthcare.on.ca.
 You may also submit your CV online. We thank all applicants for their submissions, however, only candidates felt most appropriate for the position will be selected for interview.
