## ANATOMIC OR GENERAL PATHOLOGIST

### **HALTON HEALTHCARE SERVICES Milton & Georgetown, ON**

Halton Healthcare Services is looking for an Anatomic or General Pathologist to join the Department of Laboratory Medicine to start immediately.

The successful candidate will provide surgical pathology, cytopathology and hematopathology services, as well as coverage for a limited number of hospital autopsies. This position will be based primarily at the Milton and Georgetown sites. This individual will also be working with the Medical Director of Laboratory Services in providing supervision of these sites.

Halton Healthcare Services is a dynamic and innovative organization with three progressive community hospitals, located just outside of Toronto, in Georgetown, Milton and Oakville respectively. As we continue to provide quality health services to our rapidly growing community of more than 275,000 Halton residents, plans are underway to relocate and expand our Oakville site, and a proposal has been made to expand our Milton site.

Candidates must be licensed or eligible to practice in Ontario and hold a specialist certificate in Anatomic or General Pathology from the Royal College of Physicians and Surgeons of Canada. Previous working experience (minimum of two years) as a Pathologist in a community or academic centre as well as additional training/experience in Hematopathology would be an asset.

For further information or to submit your curriculum vitae, please forward your CV for consideration to: **Dr. Nancy Liu, Chief of Laboratory Medicine, 327 Reynolds Street, Oakville, ON L6J 3L7; Fax: 905-338-4146; please send your CV via e-mail to [mkahng@haltonhealthcare.on.ca](mailto:mkahng@haltonhealthcare.on.ca) or visit us at [www.haltonhealthcare.com](http://www.haltonhealthcare.com) to submit online.**

We thank all applicants for their submissions, however only successful candidates who qualify will be contacted to attend a pre-application interview. The hospital reserves the right not to appoint anyone to these positions.
