

GROW YOUR CAREER.

LIVE THE LIFESTYLE.

An innovative, growing organization with three progressive community hospitals, Halton Healthcare provides quality health services to more than 275,000 Halton residents. We are actively planning for a new hospital in Oakville which is scheduled to open in 2015.

Urologist

A full-time, cross-site opportunity exists to help meet the needs of our community by providing urology services for our Milton and Georgetown sites. Working in partnership with our other two Urologists, located at the Oakville site, you will participate in supporting an integrated urology service across all of our sites. Operating as well as outpatient clinic time is available at both sites. In addition to full backup coverage of general surgery, advanced diagnostics, including CT, are available at both the Oakville and Milton sites, and nuclear medicine and MRI are also available at the Oakville site. As the successful candidate, you must have a licence to practise in Ontario, and be a Fellow of the Royal College of Physicians and Surgeons of Canada. Additional training in stone disease or female urology would be an asset.

For further information, or to submit your curriculum vitae, please contact **Dr. Jane Wilkinson, Associate Chief of Staff and Acting Co-Chief Surgery, Halton Healthcare Services, Milton Site, 7030 Derry Road East, Milton, ON L9T 7H6. E-mail: mkahng@haltonhealthcare.on.ca.** You may also apply online.

We thank all applicants for their submissions; however, only qualified candidates will be contacted to attend a pre-application interview. All appointments are subject to an impact analysis and Board approval.
